

**Subject:** Average Points Per Bout

APB is on the PIAA season record form in track wrestling. The 7 steps below were sent by Pat Tocci at NWCA

I think #6 is about assigning points for an opponent's finish in last year's post season. Note #7, I understand this to mean that coaches enter information on Monday and APB is accurate Tuesday.

1. Login to the OPC
2. Go to Matches
3. Click on Print Matches
4. Select the wrestler or wrestlers from the drop down
5. Click on PIAA Season Record Form from the drop-down selection where it says print forms
6. Once the form comes up, you can click on the pencil and mark any wrestler's prior placement
7. The points will update over night
